EDUCATION

2012-08-22 TILL 2017-05-15

The University of Texas at Dallas

Bachelor of Science: *Information Technology and Systems* (4.0 in-major, 3.033 overall)

WORK EXPERIENCE

2013-09-01 TILL 2015-07-01

Systems Administrator at [RadioUTD:](#)

IT Support for team of 60+.

Maintained 99.9% uptime of WordPress website and ShoutCast streaming server.

Supported legacy systems and developed custom PHP backend for management team of 5 and DJ team of 68.

Performed data backups and disaster recovery operations.

Determined sources of web page or server problems, and took action to correct such problems.

Reviewed and updated page content and links in a timely manner using appropriate tools.

2013-07-01 TILL 2015-08-15

Web Designer/Developer, Summer Intern at [EGILIA Germany:](#)

Summer intern in german-speaking office, specializing in process re-engineering and SEO.

Automated collection of google search rankings, eliminating a tedious two-hour-each-week task.

Enabled collection of search ranking data to be run on a daily basis instead of weekly, improving insights into change in rankings over time.

Interpreted results from and recommended improvements to Google AdWords campaigns.

Developed landing pages for products using the ZURB Foundation Framework (HTML/CSS/JS), in German.

Wrote and published press releases, in German.
